

## Szkolenia informatyczne Vavatech

### O nas

Firma Vavatech (w okresie 2003-2015 pod nazwą Javatech) jest jednym z wiodących dostawców specjalistycznych szkoleń informatycznych. Współpracujemy na stałe z kilkudziesięcioma trenerami, z których większość stanowią praktycy na co dzień pracujący w komercyjnych projektach. Realizujemy szkolenia zarówno w naszym centrum szkoleniowym w Warszawie jak też i u naszych Klientów w dowolnym miejscu w Polsce. W naszej ofercie znajdują się zarówno szkolenia otwarte jak również dedykowane warsztaty przygotowywane specjalnie pod potrzeby naszych Klientów.

### Tematyka szkoleń

Programy szkoleniowe oferowane przez firmę Vavatech obejmują szeroki zakres technologii, języków programowania, projektowania, architektury i użyteczności aplikacji oraz baz danych.

### Korzyści dla uczestników

- Zajęcia prowadzą trenerzy z wieloletnim doświadczeniem, którzy poza przekazaniem wysokiej jakości wiedzy, są gotowi także wesprzeć klientów w rozwiązaniu ich bieżących problemów projektowych.
- Możliwość dostosowania programu szkoleń pod kątem konkretnych potrzeb firmy lub planowanego projektu informatycznego.
- Szkolenia prowadzimy w naszym centrum szkoleniowym w Warszawie lub w miejscu wybranym przez klienta na terenie Polski.
- Oferujemy konkurencyjne ceny szkoleń.
- Firmom zdecydowanym na stałą współpracę oferujemy zniżki już od drugiego szkolenia.

## Dostępne formy szkoleń

- Szkolenia otwarte organizujemy już od dwóch osób.
- Szkolenie indywidualne - VIP to oferta dla osób, którym zależy na osobistej nauce z trenerem. Forma ta pozwala na realizację niestandardowych potrzeb szkoleniowych i dokładne poznanie danej technologii.
- Szkolenia zamknięte przygotowujemy dla firm i instytucji oraz innych grup zorganizowanych.

## Projekty

Innym obszarem naszej działalności jest tworzenie zaawansowanych rozwiązań informatycznych m.in. do zarządzania procesami i obiegiem informacji (DMS, BMP), systemy ECM, CRM, portale korporacyjne, systemy dedykowane realizowane zgodnie z wymaganiami Klienta. Poza kompleksową realizacją projektów oferujemy również wsparcie dla naszych Klientów udostępniając wybranych specjalistów lub też całe zespoły na zasadach outsourcingu.

## Zaufali nam

Od wielu lat szkolimy największe firmy oraz instytucje w Polsce. Zachęcamy do zapoznania się z listą naszych klientów oraz wybranymi referencjami dostępnymi na naszej stronie internetowej
